## DECISION AWARDING DAMAGES ${ }^{1}$

On December 4, 2015, the parties filed the attached stipulation in which they agreed to settle this case and described the settlement terms. Petitioner alleges that she suffered leukocytoclastic vasculitis ("LcV") that was caused by her October 28, 2011 receipt of influenza ("flu") vaccine. Petitioner also received tetanus-diphtheria-acellular pertussis ("Tdap") vaccine on August 25, 2011. Respondent denies that the flu or Tdap vaccines caused petitioner's LcV or any other injury. Nonetheless, the parties agreed to resolve this matter informally.

[^0]The undersigned finds the terms of the stipulation to be reasonable. The court hereby adopts the parties' said stipulation, attached hereto, and awards compensation in the amount and on the terms set forth therein. Pursuant to the stipulation, the court awards a lump sum of $\mathbf{\$ 8 5 , 0 0 0 . 0 0}$, representing reimbursement for all damages that would be available under 42 U.S.C. § 300aa-15(a) (2012). The award shall be in the form of a check payable to petitioner in the amount of $\$ 85,000.00$.

In the absence of a motion for review filed pursuant to RCFC Appendix B, the clerk of the court is directed to enter judgment herewith. ${ }^{2}$
