## UNPUBLISHED DECISION $^{1}$

On April 10, 2018, the parties filed a joint stipulation concerning the petition for compensation filed by on December 28, 2016. Petitioner alleged that the Tetanus-diphtheria-acellular pertussis ("Tdap") vaccine he received on April 29, 2016, which is contained in the Vaccine Injury Table (the "Table"), 42 C.F.R. §100.3(a), caused him to suffer Guillain-Barré syndrome. Petitioner further alleges that he suffered the residual effects of this injury for more than six months. Petitioner represents that there has been no prior award or settlement of a civil action for damages on his behalf as a result of his condition.

[^0]Respondent denies that the vaccines either caused or significantly aggravated petitioner's alleged injury or any other injury, and denies that petitioner's current disabilities are the result of a vaccine-related injury.

Nevertheless, the parties agree to the joint stipulation, attached hereto. The undersigned finds said stipulation reasonable and adopts it as the decision of the Court in awarding damages, on the terms set forth therein.

Damages awarded in that stipulation include:

# 1. A lump sum of $\$ 43.61$, representing compensation for full satisfaction of the State of Louisiana Medicaid lien, in the form of a check payable jointly to petitioner and: 

Equian, LLC<br>PO Box 771932<br>Detroit, MI 48277-1932<br>Equian File: 829514-158417

Petitioner agrees to endorse this payment to Equian, LLC;
2. A lump sum of $\$ 8,775.37$, representing the balance due on petitioner's past incurred medical expenses, in the form of a check payable jointly to petitioner and Ochsner Health Systems. Petitioner agrees to endorse this payment to Ochsner Health Systems; and
3. A lump sum of $\$ 81,224.63$ in the form of a check payable to petitioner. This amount represents compensation for all remaining damages that would be available under 42 U.S.C. § 300aa-15(a).

In the absence of a motion for review filed pursuant to RCFC, Appendix B, the clerk is directed to enter judgment in case $16-1699 \mathrm{~V}$ according to this decision and the attached stipulation. ${ }^{2}$
